

Hazardous Goods

Permittees shall not store any hazardous goods like highly inflammable materials, Paints or solvents in dock boxes. Oily rags shall not be stored in the dock box. Owners shall not store fuel containers at the dock.

- Oil soaked bilge pads or used motor oil must be disposed of at an appropriate site. Kewalo Harbor provides these services at no cost at the oil dump.
- Any oily bilge water may be disposed of at the oil dump station at no cost.

Hazardous Waste

FACT:

Topside and anti-fouling paints, wood preservatives, lacquers solvents, batteries, used oil, zinc anodes and out-of-date flares are typical hazardous wastes generated by boaters. Some are suspected carcinogens and all are toxic to humans and aquatic life.

GOAL:

Dispose of hazardous waste properly. Call <https://www.honolulu.gov/opala> to find hazardous waste disposal locations near you.

- Use non-toxic, biodegradable products when possible.
- Never dispose of hazardous wastes in the trash, water or gutter.
- Use the smallest amount of a toxic product necessary to do the job.
- Place ignitable paint waste and old gasoline in closed containers to prevent pollution or fire.
- Contact your local solid waste authority for instructions on how and where to properly dispose of household hazardous waste.
